

# ZONES 25B-29 INSTITUTE

Overland Park, KS  
September 27, 2019

## Welcome to Zone Institute

John and Judy Hutcherson D5840 DG & PDG, editors of this newsletter, would like to welcome you to Zones 25B-29 Institute and Overland Park, Kansas.

We hope you have a wonderful time at Zone Institute.

We are always looking for interesting stories and photos of what is happening at the Institute. YOU can help us do that. Please contact us at [judybhutch@gmail.com](mailto:judybhutch@gmail.com) with your stories and photos. THANKS!!!

The District Membership Chairs started off the morning by learning about how to check the pulse of their club with a Rotary Club Health Check. Next, we learned about attracting new members as well as how to retain the Rotarians that we currently have. We began the afternoon by discussing how to utilize flexible membership models and the Membership Leads program. Afterwards, we learned about Rotaract: how to grow it, how to support it, and how it has changed with the recent Council on Legislation. The afternoon concluded with a discussion about the roles and responsibilities of District Membership Chairs, and hearing from incoming RI Director Elect Suzie Howe about the 2020 Zone Institute.

The Rotary and Assistant Rotary Coordinator Teams and Rotary International Support Staff assisted today.

### District Specific Caucuses

At the end of almost two and one-half days of role specific education sessions, each of the twenty-three districts, in Zones 25B and 29 met in district specific caucuses.

This one hour session provided district team with a way to share knowledge gained and resources available to support their districts as the GROW Rotary initiatives.

District 5930 Caucus

*Who are these Peace Scholars? Your challenge is to find them and introduce yourself!!*

Who is this young couple with Holger Knaack?
