New Member Engagement Email Campaign

Each year, Rotary welcomes some 150,000 new members into our clubs, and loses an equal number. Members in their first 2 years of membership are the highest risk group for leaving, making up approximately 50% of all member terminations each year. A more comprehensive introduction to Rotary, and awareness of opportunities to engage both within and beyond the club is needed to improve the retention of new members.

To complement the work that our clubs and districts are doing to help engage members, all new members will receive a series of messages directly from Rotary International over the course of their first year of membership, to help introduce them to the broad menu of opportunities to get involved and derive value out of their membership – particularly beyond their own club.

This campaign is first launching to English-speaking new members, and will then be expanded to other Rotary languages later this year.

Dear [First Name],

Do you want to have a positive impact in your community? Are you interested in expanding your network? Did you know that Rotary Action Groups supported nearly 2,000 projects last year? Or that there are Rotary Fellowships for photographers, wine enthusiasts, magicians, and others? To give you an idea of what Rotary's clubs and international networking groups have to offer, here are examples of what their members around the world are doing:

- Members of the Rotary Club of Floréal, Mauritius, collaborated with Mauritius Post to design and issue a special commemorative envelope to [raise funds for polio eradication](#). Half of the proceeds went to The Rotary Foundation's PolioPlus Fund, which pays for our polio eradication efforts. The envelope was also used as part of a social media campaign to raise awareness of polio, a paralyzing disease. Read about how you can also raise awareness of Rotary's work to [eradicate polio](#).
- The Food Plant Solutions Rotary Action Group is combating hunger through a gardening guide that teaches communities about planting native crops and how to be self-sufficient. Learn more about [Rotary Action Groups](#) and how you can make a sustainable impact locally and globally by contributing your expertise.
- Rotarians from the International Fellowship of Rotarian Musicians have been making music for years. They moved their meetings online when the pandemic started. Their weekly virtual choir [keeps them entertained and connected](#) during a challenging time

Dear [First Name],

There are many ways to make a difference. Volunteering our time and expertise to make things better in our communities is one way many of us contribute. But having a positive impact takes time *and* money. Donations sustain service projects around the world and are critical to our success.

Rotary International's charitable arm, The Rotary Foundation, supports much of the important work that clubs undertake to improve their own communities and others around the globe. We hope you'll take the time to learn more about the ways you can give, like through our recurring

giving program, [Rotary Direct](#), and about [donor recognition](#) opportunities such as the [Paul Harris Society](#).

No matter how you choose to make an impact, we are thankful for your service and support!

Sincerely,

The Rotary Foundation
