How can a Rotary Coordinator (RC) help?

Your Rotary Coordinator works in collaboration with your Assistant Rotary Coordinator to support districts and clubs in identifying and achieving their membership goals. They provide expertise and support to encourage membership growth and strengthen clubs. As consultants in their regions, RCs work with district leaders to identify and address membership challenges and to build stronger clubs. They promote best practices arising from their clubs and districts and connect leaders that need assistance with Rotarians who are finding innovative ways to enhance membership, public image, program participation, and service.
