

Rotaractors: Need Help Paying for the 2021 Rotary Institute?

An event like this can get expensive, with the ticket cost, lodging, and travel to cover. We get it! But for an inspirational event that will light the fire in your soul, it's worth going the extra mile and getting help. Here are four ways we recommend getting help in covering the cost:

1. Ask your District

- a. Your district may be willing to cover a portion of the expense, especially if you can express to them how this will give you and your fellow Rotaract members inspiration to take on new projects in 2021 and beyond.
- b. It's worth noting that the District that brings the most Rotaractors to the event will be given the inaugural *Future Focused with Rotaract Award*!

2. Ask your Sponsor Rotary Club

- a. Similar to the District, your Sponsor Rotary Club may be willing to cover a portion of the expense. Giving Rotaract members access to an opportunity like this will help keep their passion for Rotary alive and strong! [See this lodging grant proposal template.](#)

3. Ask your employer

- a. Rotary Institute offers unique training opportunities, especially if you choose Ticket Option #1, which includes the Exclusive Training Track. If your employer is focused on growing you both personally and professionally, they may be willing to chip in.

4. Ask your Rotaract club

- a. If your club has the funds to spare, it would be in their best interest to help an ambassador from their club attend this event. Being connected to Rotarians and Rotaractors from across the country is an invaluable way to share resources and be inspired. This is especially fitting for incoming leaders.
